

## ALL ON-BOARD

This revolutionary GPS device encapsulates a new internal lithium back-up battery, an internal hypersensitive antenna, as well as an internal warning buzzer. This robust combination of technology and engineering, along with its durable, heat resistant structure, makes this the most advanced device yet.

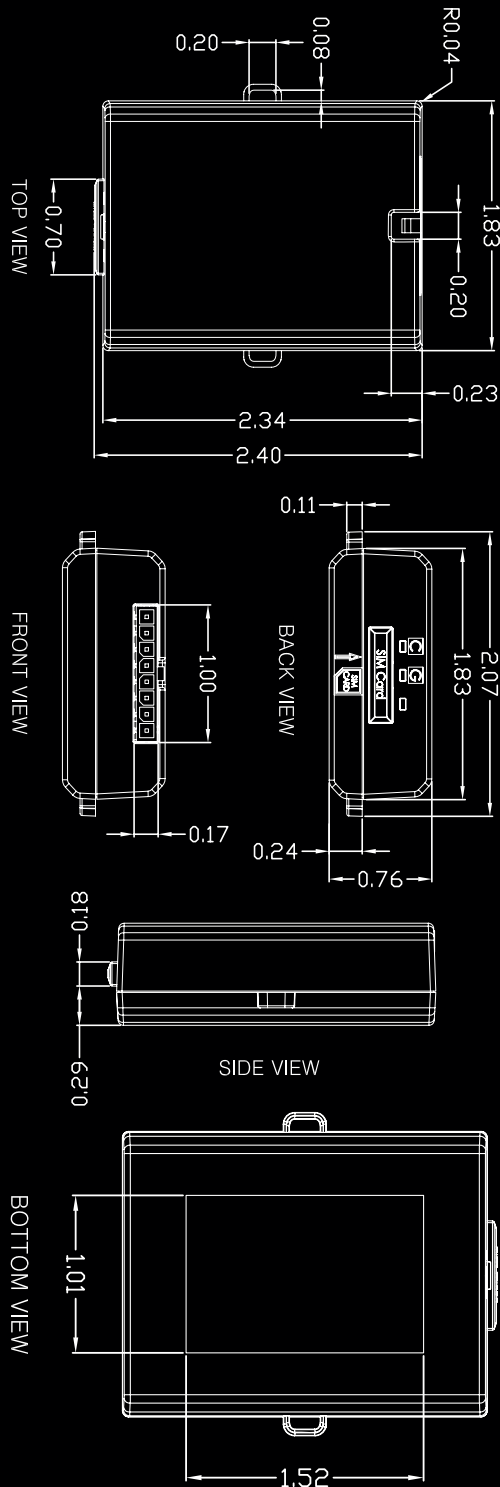

### KEY FEATURES:

- INTERNAL LITHIUM BACK-UP BATTERY
- INTERNAL HYPERSENSITIVE ANTENNA
- INTERNAL WARNING BUZZER (Optional)
- SMALL FORM FACTOR
- RUGGED AUTOMOTIVE GRADE HOUSING
